

**REDEFINING AND ASSURING
BUSINESS IN A SIGNIFICANT WAY**

A silhouette of a group of people in a meeting room, with a large window in the background showing a city skyline. One person is standing and pointing towards the window, while others are seated around a table.

ABOUT US

Infodart Technologies Ltd, a global Information Technology and System Integration Company, incorporated in 2007. We are today the trusted partner of many organizations across the Asian continent and are diversifying across the Globe.

We provide innovative and customized business fit solutions to the organizations and help them do business better by leveraging our expertise, industry-wide experience and comprehensive portfolio of services. Our IT services spectrum include SAP, Oracle Retail, Custom Development and Cloud Services.

In this technology driven world and customer needs, it's imperative for organizations to transform and re-engineer themselves to adapt to the business dynamics. At Infodart, we provide end-to-end solutions to the organizations, right from consulting, project analysis, infrastructure, designing, testing to integration, implementation and business lifecycle support. With Infodart's global services, you can achieve a better return on your IT investment – and much sooner – helping you to realize your business objectives.

Custom Development & eCommerce

With day to day advancement in technology, it's imperative for any organization to have rigorous application process in place. At Infodart, our custom development services help clients to address their evolving business and technology challenges by defining, designing and building applications tailored to meet the business requirements.
